

The diagram illustrates a complex network structure. On the left, a series of purple lines and black dots form a hierarchical, tree-like branching pattern. These lines extend horizontally towards a large, solid purple rectangular area on the right. Within this purple area, there are numerous black dots, some of which are connected by thin horizontal lines. Several distinct horizontal lines are highlighted in red, green, and blue, interspersed among the black dots. The entire diagram is set against a white background.
